* Prices may change from time to time

Inventory check:

Maccabi website > Find service > Pharmacies
or <https://serguide.maccabi4u.co.il/heb/pharmacy/>.

You can check if the requested medicine is in the pharmacy's stock by searching for the medicine name as it appears in the prescription (in Hebrew or English). In your personal account on Maccabi Online, the prescription will automatically appear upon receipt. We also recommend checking the inventory with the pharmacy during opening hours.

And if you prefer...

You can also fax your prescription to the pharmacy. The pharmacy staff will prepare your medicines and notify you when they are ready for collection.

Personal consultation with a pharmacist

- The consultation takes place with an authorized Maccabi Pharm pharmacist, always upholding your privacy.
- Consultation is free and performed in partnership with your physician.
- As part of the consultation, you will receive guidance on using the prescribed medication safely, and on issues related to your health.
